Assumption #1: Numbers reflected above are for non-ODA employees who have been with SBA for more than 10 years have not had a background check or NACI. OIG has been performing SBA HQ NACI and other non-ODA checks during this time period.												
Assumption #2: ODA performs NACI and fingerprint checks on ODA personnel, however, only fingerprint checks are completed on all before hiring. NACI's are only undertaken if employee's appointment is expected to last more than 90 days.												
Assumption #3: Both Non-ODA and ODA are the same as SBA HQ and Field												
Assumption #4: NACI's are not done on one group of ODA Contractor's (SBA A-76 Contract) who are short term (generally working only 30 days or so and do not return)												
Assumption #5: ODA employee numbers are in constant flux and subject to change at any time as disaster incidents occur.
